

1. [6 points] Taylor 4.3

2. [6 points] Taylor 4.5

3. [9 points] Taylor 4.8

For this problem, you must use a computer program. The book suggests you use a spreadsheet, such as Excel. Excel has the advantage of being easy to use and give very visual results, and I recommend you use it. Other spreadsheet programs are also acceptable.

4. [6 points] Taylor 4.10

5. [9 points] Taylor 4.13

The same program you wrote for problem 4.8 should be used here also.

6. [6 points] Taylor 4.17

7. [6 points] Taylor 4.20

8. [6 points] Taylor 4.23

9. [6 points] Taylor 4.24
