Vision & Mission

Digital Media Services supports the acquisition, development and deployment of digital media technology at Ithaca College. Our primary mission is to support instruction. Our vision is to enable and facilitate the use and integration of digital media and investigate and respond to emerging digital media technologies that may potentially benefit the college community.

► Enhancing Instruction

Working with faculty and staff, Digital Media Services will provide consultation and design services to support strategic projects which enhance instruction.

► User Support

As a component of Technology and Instructional Support Services, Digital Media Services supports end users use of digital media technology. Accordingly, we provide consultation and instruction on the use of video and audio hardware and software for instructional and institutional use.

► Digital Media Production

Digital Media Services provides and assists with the creation of original digital content, the digitization of analog content, the encoding of digital content and the publication of digital and analog content. We assist faculty with print projects including graphic design and large format printing.

► Mobile Content

By leveraging the mobility of digital data, faculty and staff can extend the reach of their efforts. Digital Media Services will facilitate and support the development of portable digital content and by extension provide digital pathways for the appropriate distribution of that content. Potential pathways include: the web; DVD; CD; mobile devices; and digital publishing.

The Marjorie Fortunoff Mayrock Lecture Series Presents

Judy Richardson

From *Eyes on the Prize* to
The Orangeburg Massacre:

Interpreting the Civil Rights
Movement in Film.

April 8th, 7PM Building 123
Screening of *The Orangeburg Massacre*, 4 PM - BUILDING 123

About the Speaker
Judy Richardson began her film work with the Academy Award-nominated, 14-hour PBS series, *Eyes on the Prize*. She recently completed production of a one-hour PBS documentary on the 1968 Orangeburg Massacre (S.C.), *Scorned Justice*, as well as all the videos for the National Park Service's new Little Rock Visitor Center, focused on the 1957 school desegregation struggle by the "Little Rock Nine".

Co-Sponsored by the Ithaca College History Department

ITHACA

Individuals with disabilities requiring accommodation should contact the Office of Affirmative Action at 607-274-3809 (voice), 607-274-1767 (TDD), or e-mail bleblanc@ithac.edu as much in advance of the event as possible.

Media Scanning, Digitization & Duplication

- * Slide Scanning
- * Image Acquisition & Conversion
- * Object Capture
