

Lesson #2 *Lumber Production Maps* Worksheet

NAME _____

DATE _____

Use the *Lumber Production Map* Worksheet to answer the questions. You may want to underline the sections of the reading that are pertinent to each question in order to give examples from the text to back up your conclusion.

1. Examine the maps and complete the table below.

Year	Which region(s) of the U.S had the greatest number of sawmills?	Which region(s) of the U.S produced the most lumber?
1839		
1889		
1909		
1939		

2. What were two reasons why the lumber industry pushed westward in the late 1800s?

3. What were two factors that contributed to the development of large sawmills?

4. Why do you suppose there were fewer sawmills in 1939 than in 1839?

Lesson #2 Muir and Audubon Worksheet

NAME _____

DATE _____

Use the readings by Muir and Audubon to answer the questions. Read over the questions below before reading your handout. You may want to underline the sections of the article that are pertinent to each question in order to give examples from the text to back up your conclusion.

1. How do Muir and Audubon describe the settlers and refer to their actions? Provide three examples for each using words and phrases from the readings.

John Muir	John Audubon
1. <i>Example:</i> pious destroyers	1. <i>Example:</i> persons of free will
2.	2.
3.	3.
4.	4.

2. Compare Muir and Audubon’s ideas about the value of trees and the westward expansion of capitalism.

3. Which of these positions do you agree or disagree with and why?
