

# Homer Connect: Students

## Navigating Homer Connect

### Overview

#### About Homer Connect

Homer Connect is the online web-based student and faculty information system at Ithaca College.

Students will use Homer Connect to view class schedules and the course catalog, register for classes, view financial aid and bursar information and see demographic information.

#### The Scope of this Guide

*Homer Connect: Student* is a guide designed to introduce the self service component of Homer, as well as provide basic information on navigating the system. Homer Connect is an easy-to-use menu-based system that requires the user to choose from a list of links. The links are structured hierarchically to organize related information and provide ease in finding information. This guide assumes a working knowledge of the Internet.

#### Macintosh and PC Compatibility

Homer Connect can be used with both the Windows and Macintosh operating systems and any of the Ithaca College supported web browsers.

### Getting Started

To access Homer Connect, go to the Registrar's home page at Ithaca College and click on the link for Homer, then click on the HomerConnect link. You can also go directly to the URL for Homer Connect – <https://homerconnect.ithaca.edu/>.

#### Public Resources

Homer Connect offers a few public resources on the main page including the Course Catalog and Class Schedule. The availability of these resources online gives an added advantage to the recruiting efforts at Ithaca College providing up-to-date information and easy accessibility.

### Homer Connect Security

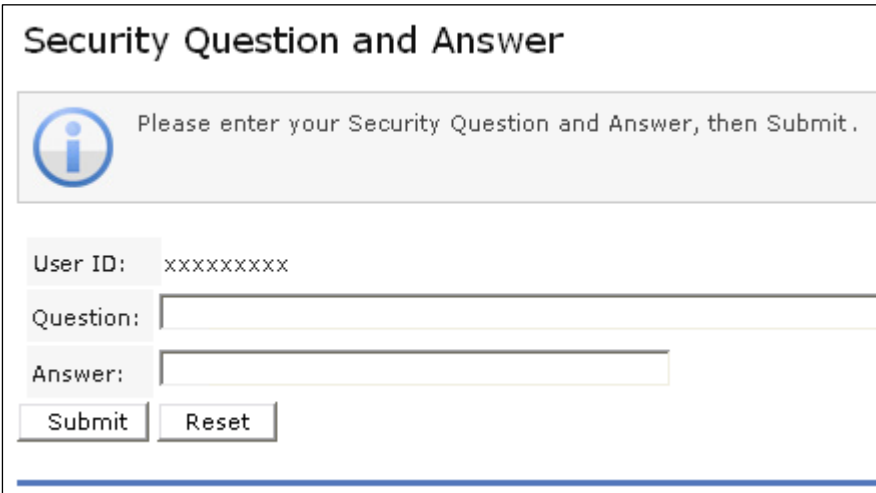

If this is the first time you are logging into Homer Connect, you are prompted to change the randomly assigned PIN given to you. The PIN you choose must contain 6 alphanumeric characters and cannot include special characters (&, %, \*, etc.).

A screenshot of a web form titled "Your PIN has to be reset. Please change it now." The form features a red circular icon with a white 'X' on the left. To the right of the icon is the text "Your PIN has to be reset. Please change it now." Below this, there are two input fields: "New PIN:" and "Re-enter new PIN:". At the bottom of the form is a button labeled "Reset PIN".

Changing the PIN ensures that you are the only person accessing your records. You can change your PIN at any time in the **Personal Information** area.

After changing your PIN, you must provide Homer Connect with a question and answer which is used whenever you need to look up your PIN. You have 5 attempts to correctly answer your question at which time your account is disabled. Contact the Registrar's Office to have your account reset. You can change your Security Question and Answer at any time in the **Personal Information** area.

A screenshot of a web form titled "Security Question and Answer". At the top, there is a blue information icon followed by the text "Please enter your Security Question and Answer, then Submit." Below this, there are three input fields: "User ID:" with the value "xxxxxxxx", "Question:", and "Answer:". At the bottom of the form are two buttons: "Submit" and "Reset".

**Note:** If you are a student in the school of Humanities & Sciences or the Division of Interdisciplinary & International Studies, you will have an alternative PIN that you must get from your advisor before registering for classes.

## Using this Application

### Registration

Registration is an option listed within the Student & Financial Aid Menu. To register for classes follow these steps:

1. Click the Add or Drop Classes link listed as an option within the Registration Menu.  
**Note:** An error is displayed if a hold has been placed on your records. See the "View Holds" option listed under the Student Records & Billing Information menu.
2. Using the pull-down menu, select the appropriate term for which you are registering and click the Submit button.
3. To add a class, enter the Course Reference Number (CRN) in the Add Classes Worksheet section of the page. If you do not know the CRN, use the Class Search button. The search allows you to choose from a number of fields to generate a list based on your specifications. A check box option is available for you to register or add the class to your worksheet.
4. Once the CRNs have been entered into the fields provided, click the Submit Changes button to finalize registration.
5. To drop a class, select **\*\*Drop Web\*\*** for the appropriate course and click the Submit Changes button.
