

# 2004

**Cliff** is in his new #7. He and Billy Leonard are getting close to working out the bugs. Cliff has won a heat and has his eyes set on victory lane. We're all certain he'll get there ONCE FOUR of the other YAHOO'S decide this is not a demolition derby!! and drive like an experienced person out there!

Cliff is happy that Advance Auto has agreed to sponsor him this year, along with Garth Fabricating.

**Kyle** is excited to have more competitors in his open wheel class at the [Southern Tier Microd](#) track this season. So far all of the kids have experienced victory lane and are having fun getting there. Kyle is grateful to his sponsors: Baker's Florist, Big Dipper, McAnn's Restaurant, and Sam's Auto Parts.

**Mike Austin** is not off to a great start, as his engine just blew! Hopefully his bad luck is over for the year.
