(Updated March 2024)

Professional Experience

Professor and Chair of Mathematics, Ithaca College	June 2021–Present
Professor of Mathematics, Ithaca College	Aug 2013–July 2021
Associate Graduate Faculty of Exercise and Sport Sciences, Ithaca College	Aug 2001–Present
Director of Ithaca College Honors Program	May 2013–Dec 2016
Associate Professor of Mathematics, Ithaca College	Aug 2006–Aug 2013
Assistant Professor of Mathematics, Ithaca College	Aug 2001–Aug 2006
Summer Faculty in Mathematics, Cornell University	Summer 2002–2005
Assistant Professor of Mathematics, University of Wisconsin-Superior	Sept 1999–May 2001
Graduate Teaching Assistant in Mathematics, Syracuse University	Sept 1992–May 1999

Education

Syracuse University, Ph.D., Mathematics (Stochastic Processes, Adv. Dr. J.T. Cox)	May 1999
Syracuse University, M.S., Applied Statistics	May 1999
Syracuse University, Certificate of University Teaching	May 1999
Syracuse University, M.S., Mathematics	May 1994
State University of New York at Cortland, B.S., (Summa Cum Laude), Mathematics	May 1992
Ithaca College, B.S. Exercise Science	May 1990

Peer-Reviewed Publications (* Student co-author)((α) Alphabetized Authors)

- [34] Urban Merlins (*Falco columbarius columbarius*) in Tompkins County, New York. John L. Confer, Thomas J. Pfaff, Anne B. Clark, and Loomis Connor. *The Wilson Journal of Ornithology*, (In preparation)
- [33] How Ecologists Develop the Logistic Model. Thomas J. Pfaff. *PRIMUS*, February 14, 2024 [Online](#)
- [32] Banding Northern Saw-Whet Owls (*Aegolius acadicus*) at a Field Station in Central New York State. J. Confer, J. (Gillis) MacCabe, M. Ulinski, B. McGuire, J. Gorges, B. Gorges, P. McNeil, T. Pfaff, G. Dodici, and Z. Casteel. *The Kingbird*, 73(1), 2023, 2–6.
- [31] Sustaining Fisheries. Thomas J. Pfaff and Paul J. Campbell. *The UMAP Journal of Undergraduate Mathematics and Its Applications*, 43(1), 2022, 21–38.
- [30] Figures and First Years: An Analysis of Calculus Students' Use of Figures in Technical Reports. Nathan J Antonacci*, Michael Rogers, Thomas J Pfaff, Jason G Hamilton. *Numeracy* 10(2): Article 10. July 2017. 1–18. [link](#)
- [29] Using Sustainability Themes and Multidisciplinary Approaches to Enhance STEM Education. Michael Rogers, Jason Hamilton, Thomas J. Pfaff, and Ali Erkan. *International Journal of Sustainability in*

Higher Education, Vol. 16 Iss: 4, 2015, pp.523–536.

- [28] Sustainability Education: The What and How for Mathematics. Jason Hamilton and Thomas J. Pfaff. *PRIMUS*, 24(1), 2014, 61–80. (α)
- [27] On Jargon: 21st Century Problems. Jason Hamilton, Thomas J. Pfaff, Michael Rogers, and Ali Erkan. *The UMAP Journal of Undergraduate Mathematics and Its Applications* 34(4), 2013, 327–338.
- [26] Incorporating Sustainability and 21st Century Problem Solving into Physics Courses. Michael Rogers, Thomas J. Pfaff, Jason Hamilton, and Ali Erkan. *The Physics Teacher*. 51(6), 2013, 372–374.
- [25] The Use of Statistics in Experimental Physics. Thomas J. Pfaff, M. Sipos, M. C. Sullivan, B. G. Thompson, and Max M. Tran. *Mathematics Magazine* 86(2), April 2013, 120–131. (α)
- [24] A Case Study on Regional Impacts of Climate Change: Peak Loads on the Power Grid in Rochester, New York. Scott Constable*, Jason Hamilton, and Thomas J. Pfaff. *Journal of Environmental Studies and Sciences*. 3(1), 2013, 15–20. (α)
- [23] Studying the Impacts of Changing Climate on the Finger Lakes Wine Industry. Brian McGauvran* and Thomas J. Pfaff. *Involve, A Journal of Mathematics* 5(3), 2012, 303–311. (α)
- [22] Period Life Tables: A Resource for Quantitative Literacy. Thomas J. Pfaff and Stanley Seltzer. *Numeracy* 5(1): Article 5. 2012. p 1–10. (α) [link](#)
- [21] Sustainability Themed Problem Solving in Data Structures and Algorithms. Ali Erkan, Thomas J Pfaff, Jason Hamilton, and Michael Rogers. *SIGCSE '12: Proceedings of the 43rd SIGCSE technical symposium on Computer Science Education*, 9–14, New York, NY, USA, 2012. ACM.
- [20] Averaging Sums of Powers of Integers. Thomas J Pfaff. *The College Mathematics Journal* 42(5), November 2011, 402–404.
- [19] Educating Students about Sustainability while Enhancing Calculus. Thomas J Pfaff. *PRIMUS*, 21:4, April 2011, 338–350.
- [18] Multidisciplinary Engagement of Calculus Students in Climate Issues. Thomas J. Pfaff, Ali Erkan, Michael Rogers, and Jason Hamilton. *Science Education and Civic Engagement, An International Journal*, Winter 2011, 52–56. [link](#)
- [17] Go Figure, Calculus Students use of Figures and Graphs in Technical Report Writing. Thomas J. Pfaff, Michael Rogers, Ali Erkan, and Jason Hamilton. *Numeracy* 4(1): Article 6. January 2011. 1–5. [link](#)
- [16] Chromatic Polynomial Identities: Algebra with the Chromatic Polynomial. Thomas J. Pfaff and Donny Tang*. *The PME Journal* 13(3), Fall 2010, 159–166. (α)
- [15] Using Informal Inferential Reasoning to Develop Formal Concepts: Analyzing an Activity. Aaron Weinberg, Emilie Wiesner, and Thomas J. Pfaff. *The Journal of Statistics Education*, 18(2), 2010, 1–23.
- [14] Multidisciplinary Collaborations in the Traditional Classroom-Wrestling with Global Climate Change to Improve Science Education. Michael Rogers, Jason Hamilton, Thomas J. Pfaff, and Ali Erkan. “Teaching the Earth,” a special edition of *Transformations: The Journal of Inclusive Scholarship and Pedagogy*, XXI(1), Spring/Summer 2010, 89–98.
- [13] Use of Satellite Imagery in Multidisciplinary Projects. Ali Erkan, Jason Hamilton, Tom Pfaff, and Michael Rogers. *SIGCSE 2010: Proceedings of the 41st SIGCSE technical symposium on Computer Science Education*, pages 32 to 37 , New York, NY, USA, 2010. ACM.

- [12] Do Hands-On Activities Increase Student Understanding?: A Case Study. Thomas J Pfaff and Aaron Weinberg. *The Journal of Statistics Education* 17(3), 2009, 1–24. (α)
- [11] Measuring Resource Inequality: The Gini Coefficient. Michael T. Catalano, Tanya L. Leise, and Thomas J. Pfaff. *Numeracy* 2(2): Article 4. 2009, 1–24. (α) [link](#)
- [10] Series that Probably Converge to One. Thomas J. Pfaff and Max M Tran. *Mathematics Magazine* 82(1), 2009, 42–49. (α)
- [9] The Chromatic Polynomial of $P_2 \times P_n$. Thomas J. Pfaff and Jasmine Walker*. *Missouri Journal of Mathematical Sciences*, 20(3), 2008, 169–177. (α)
- [8] Deriving a Formula for Sums of Powers of Integers. Thomas J. Pfaff. *The PME Journal* 12(7), 2007, 425–430.
- [7] Using the *Combinatorica* Package in *Mathematica* for Student Projects in Random Graph Theory. Thomas J. Pfaff and Michele Zaret*. *Primus*, 16(4), 2006, 314–319. (α)
- [6] Statistics Projects Using Institutional Data. Thomas J. Pfaff. *PRIMUS* 16(1), 2006, 46–52.
- [5] The N-Jugs and Water Problem. Thomas J. Pfaff and Max Tran. *The PME Journal* 12(1), 2004, 37–38. (α)
- [4] A New Approach to Macaulay Posets. S. Bezrukov, Thomas J. Pfaff, and V. Piotrowski. *Journal of Combinatorial Theory series A*, 105(2), 2004, 164–181. (α)
- [3] A Mean Field Model for Species Abundance. Thomas J. Pfaff. *Stochastic Processes and their Applications* 104(2), 2003, 325–347.
- [2] The Generalized Jug Problem. Thomas J. Pfaff and Max Tran. *Journal of Recreational Mathematics* 31(2), 2002–2003, 100–103. (α)
- [1] Teaching Calculus Students How to Study. Matthew Boelkins and Thomas J. Pfaff. *PRIMUS*, 8(3), 1998, 253–264. (α)

Books and Book Chapters ((α) Alphabetized Authors)

Books

- [2] *Applied Calculus with R*, Springer. Published July 2023. [link](#)
- [1] *R for College Mathematics and Statistics*, CRC Press. Published April 2019. [link](#)

Book Chapters

- [5] Normal Isn't "Normal" when it comes to Income in *Mathematics for Social Justice: Focusing on Quantitative Reasoning and Statistics*, Ted Galanthay and Thomas J. Pfaff. Published November 2021 (α) Eds: Gizem Karaali and Lily Khadjavi. (α)
- [4] Get the Lead Out: The Connection between Lead and Crime in *Mathematics for Social Justice: Focusing on Quantitative Reasoning and Statistics*, Ted Galanthay and Thomas J. Pfaff. Published November 2021 (α) Eds: Gizem Karaali and Lily Khadjavi. (α)
- [3] Social Justice and Sustainability: two perspectives on the same system in *Mathematics for Social Justice: Resources for the College Classroom*, Jason Hamilton and Thomas J. Pfaff. Published July 2019 (α) Eds: Gizem Karaali and Lily Khadjavi. [link](#)

- [2] Seminars, Curricula, Rigor: Paradoxical Constraints on the Future of Honors in *Present Successes and Future Challenges in Honors Education*, Thomas J. Pfaff and Robert Sullivan. Eds: Rob Glover and Katherine O’Flaherty. Rowman and Littlefield Publishers, August 2016. (α)
- [1] Barron’s FE Fundamentals of Engineering Exam, contributed chapter on "Engineering Probability and Statistics", first printing 2008.

Other Publications (* Student co-author)(α) Alphabetized Authors

- [22] NOAA Local Climatological Data. *College Mathematics Journal: Media Highlights* (55:3) May 2023.
- [21] NOAA Global Monitoring Laboratory - Data Visualization. *College Mathematics Journal: Media Highlights* (55:2) March 2023.
- [20] U.S. Drought Monitor, National Drought Mitigation Center. *College Mathematics Journal: Media Highlights* (55:1) January 2023.
- [19] Campuses Need Collaborative Decision-making More than Shared Governance *Academe Blog from the AAUP*, July 25, 2022. [link](#)
- [18] The Very Simple Climate Model. *College Mathematics Journal: Media Highlights* (53:2) March 2022.
- [17] IPCC Sixth Assessment Report – AR6 Climate Change 2021: The Physical Science Basis. *College Mathematics Journal: Media Highlights* (53:1) Jan 2022.
- [16] The Face-to-Face Classroom Isn’t Scalable. With Michael Rogers. Posted on LinkedIn [link](#)
- [15] Positive Relationships Matter and Morale Matters. *Inside Higher Ed*, October 1, 2020. [link](#)
- [14] Getting the Big Hires Right: President, Provost, and Dean. *Inside Higher Ed*, June 26, 2019. [link](#)
- [13] STEM Educators Can No Longer Be Apolitical. With Jason G. Hamilton, *Inside Higher Ed*, February 5, 2018. [link](#)
- [12] Review of Painting by Numbers by Jason Makansi. *Numeracy* 11(1): Article 13. 2018. p 1–4. [link](#)

- [6] Climate in the Classroom, Theme Essay for Math Awareness Month 2009. [link](#)
- [5] Does the Runs Created Formula Work for Division III Softball? With Jenn Marro*. *By the Numbers*, the newsletter of the SABR statistical analysis committee, Volume 17/3, August 2007, 13–15. (α) [pdf](#)
- [4] The Effects of Travel on Home-Field Advantage in Professional Baseball. With Andrew Boslett* and Matt Hoover*. *By the Numbers*, the newsletter of the SABR statistical analysis committee, Volume 17/2, May 2007, 19–22. (α) [pdf](#)

- [3] The Interleague Home Field Advantage. With Eric Callahan* and Bryan Reynolds*. *By the Numbers*, the newsletter of the SABR statistical analysis committee, Volume 16/2, May 2006, 9–10. (α) [pdf](#)
- [2] Book review of *Adam Spencer's Book of Numbers*. The MAA Online book review column, September 2004.
- [1] Book review of *Elementary Number Theory, Group Theory, and Ramanujan Graphs*. The MAA Online book review column, April 2004.

Mathematics for General Audiences

- Briefed by Data:** A regular data based newsletter that aspires to be interesting, thought-provoking, and non-partisan while providing up-to-date statistics related to current events and context for data and models.
- sustainabilitymath.org: Blog, data sets, images, links, interactive graphs, animations, and resource materials for use in quantitative literacy and mathematics courses, especially calculus and statistics.
- (No longer active) Multidisciplinary Sustainability Modules: Integrating STEM Courses: materials resulting from NSF grant DUE-0837721.

Undergraduate Research Supervision and Mentorship

- [23] *The Evaluation of Seasonwood and Tree Ring Anomalies in the Relationship Between Tree Growth*, Sarah E. Kennedy. Environmental Sciences honors thesis. Served on her committee and provided statistical support. Fall 2021 and Spring 2022.
- [22] *Examining Trends and Variability in Streamflow in Fall Creek: A Report on the Relationship Between Changes in Climate and Streamflow Over the Past Century*, Xinran Liu. Department of Mathematics Honors Thesis. This project was also supported by Chris Sinton in the Department of Environmental Sciences and Studies. Fall 2020 and Spring 2021.
- [21] *Analysis of the Cornell Meat Price and Yield Calculator*, Heetisha D. Inderjeet. Department of Mathematics Honors Thesis. This was a project with community partner Matthew LeRoux from Cornell Cooperative Extension. Fall 2019.
- [20] *A Case for Implementing College Admissions Test-Optional Policies*, Morgan Diegel. Presented at the J.J. Whalen Academic Symposium, April 2017. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2016.
- [19] *The Entitlement Endemic*, Aubrey Fleming. Presented at the J.J. Whalen Academic Symposium, April 2017. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2016.
- [18] “Yes Means Yes” Beats “No Means No”, Madeline Horowitz. Presented at the J.J. Whalen Academic Symposium, April 2016. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2015.
- [17] *Thinking Critically about Critical Periods*, Michele Hau. Presented at the J.J. Whalen Academic Symposium, April 2015. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2014.

- [16] *The Study of Mental Disorders Stigma: What Isn't Said Can Hurt You(th)*, Emma Sheinbaum. Presented at the J.J. Whalen Academic Symposium, April 2015. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2014.
- [15] *Redesigning the Freshman Experience at Ithaca*, Efosa Erhunmwunse. Presented at the J.J. Whalen Academic Symposium, April 2015. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2014.
- [14] *Closing the Gap: The Unique Challenge of Teens Living with Cancer*, Bryn Mugnolo. Presented at the J.J. Whalen Academic Symposium, April 2014. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2013.
- [13] *Preventing Stress at the Roots: A Look into RA Awareness on Gender Stress Differences*, Cailin Harro. Presented at the J.J. Whalen Academic Symposium, April 2014. The work presented was part of the research produced in an Honors Ithaca Seminar Course in the fall of 2013.
- [12] *The Impact of Global Warming on Energy Consumption*, Scott Constable, Ithaca College. Presented at the National Conference on Undergraduate Research (NCUR), Ithaca College, April 2011.
- [11] *How Much AC? Climate Change and the Heat Index in Ithaca*, Brian McGauvran, Ithaca College Spring 2010. Presented at the J.J. Whalen Academic Symposium, April 2010.
- [10] *The Impact of Climate Change on Maple Syrup Production in Ithaca*, Ashley Bell, Ithaca College. Presented at the J.J. Whalen Academic Symposium, April 2010.
- [9] *Using Regional Climate Models to Assess Future Climate Change Impacts on the Finger Lakes Wine Industry*, Emily Backus and Brian McGauvran, Ithaca College. Presented at the J.J. Whalen Academic Symposium, April 2009.
- [8] *The Effects of Travel on Home Field Advantage in Professional Baseball*, Andrew Boslett and Matt Hoover, Ithaca College. Presented at the Hudson River Undergraduate Mathematics Conference, Siena College April 2007; and the J.J. Whalen Academic Symposium, March 2007.
- [7] *A Runs Created Formula for Softball*, Jenn Marro, Ithaca College. Presented at the J.J. Whalen Academic Symposium, March 2007.
- [6] *A Statistical Analysis of the Home Field Advantage in Baseball*, Eric Callahan and Bryan Reynolds, Ithaca College. Presented at the Hudson River Undergraduate Mathematics Conference, Westfield State College, April 2006; and the J.J. Whalen Academic Symposium, March 2006.
- [5] *Deletion and Contraction Games: (Chromatic) Polynomial Identities*, Donny Tang (part of Honors thesis), Ithaca College. Presented at the Hudson River Undergraduate Mathematics Conference, Williams College, April 2005; and the J.J. Whalen Academic Symposium, March 2005.
- [4] *The Chromatic Polynomial of $P_2 \times P_n$* , Jasmine Walker, Ithaca College. Presented at the Hudson River Undergraduate Mathematics Conference, Williams College, April 2005; and the J.J. Whalen Academic Symposium, March 2005.
- [3] *How Many Edges are Needed to Make a Random Graph Connected?*, Michele Zaret, Ithaca College. Presented in the Junior Seminar in the Mathematics Department at Ithaca College, December 2004.
- [2] *The Odds of Landing on Boardwalk: A Mathematical Approach to Monopoly*, Mathew Darby and Lindsay Monk, Ithaca College. Presented at the Hudson River Undergraduate Mathematics Conference, Mt. Holyoke College, April 2004; and the J.J. Whalen Academic Symposium, March 2004.

[1] *The PME Journal*, Published Solution to Problem 1023, by Eric Heinzman, Fall 2002.

Master's Students (Statistical Advisor and Committee Member for M.S. Theses in the School of Health Science and Human Performance)

Kelly Brady, *Oxygen Consumption of Firefighters During Occupationally Specific Tasks*, Summer 2007.

Chad Butts, *Effect of Respiratory Muscle Training on 20 km Cycling Time-Trial Performance*, Summer 2007.

Karen Lynn Uhl-Smith, *The Effect of Two Days of Partial Sleep Deprivation on Indicators of Performance in Female Basketball Players*, May 2002.

Invited Presentations and Workshops

- [52] *R, Data, Functions, and Applying Math to Real-World Scenarios*, Workshop Series: Bridge The Gap - STEM Career Connections, OCM BOCES, Liverpool, NY. March 2024.
- [51] *Modeling Populations*, SUNY Geneseo Mathematics Research Weekend, October 2023. Led a research project for a group of students on Friday evening and all day Saturday.
- [50] *Mathematics in the Age of Computation*, SUNY Geneseo, October 2023. Invited lecture.
- [49] *Making Functions Meaningful*, New York State Master Teacher Program, SUNY Cortland, January 2023.
- [48] *Reflections on Over 500 sustainabilitymath.org Blog Posts*, Wells College, NY, February, 2022. Invited lecture.
- [47] *Ideas on Incorporating Sustainability Into a Math Course, Understanding STEM Teaching Through Integrated Contexts in Everyday Life (USTRIVE)*, Arcadia University (by Zoom), December 2021.
- [46] *Stop Rigging Problems to Work by Hand and Start Using R*, New York State Master Teacher Program, SUNY Cortland (by Zoom), December 2020.
- [45] *Incorporating Sustainability Into the K-12 Math Curriculum*, Mathematics Teacher Workshop, Cornell University, October 2019.
- [44] *Multidisciplinary Projects Addressing 21st Century Problem Solving Skills*, New York State Master Teacher Program Annual Conference, SUNY Cortland, August 2018.
- [43] *Hidden Curriculum*, Finger Lakes Project - Sustainability Curriculum Development Workshop, Wells College, NY, May 2017.
- [42] *New Course, co-Teaching Model*, Finger Lakes Project - Sustainability Curriculum Development Workshop, Wells College, NY, May 2017.
- [41] *Developing Collaborations Between Math and Science Through Sustainability Curriculum*, NYSMTP (NYS Master Teachers Program), SUNY Cortland, NY, Three 2-hour sessions in January 2017.
- [40] *Increasing Student Engagement through Multidisciplinary Sustainability Education*, PKAL (Project Kaleidoscope) DC Regional Meeting, University of Mary Washington, VA, November 2014.
- [39] *Multidisciplinary Sustainability Education Project Experience*, PKAL (Project Kaleidoscope) Upsate New York Regional Meeting, Ithaca College, NY, November 2014.
- [38] *Sustain This! Making Math Matter*, Wells College, NY, October 2014. Invited lecture.

- [37] *Why, What, and How! Everything You Need to Know about Incorporating Sustainability into Mathematics Courses*, Four-hour Project NExT course during MathFest, Portland, OR, August 2014.
- [36] *A Mathematician and an Environmental Scientist Walk into a Bar*, with Jason Hamilton. Hobart and William Smith College, Geneva NY, March 2014.
- [35] *A Mathematician and an Environmental Scientist Walk into a Bar*, with Jason Hamilton. MAA Undergraduate Student Activity, MathFest, Hartford CT, August 2013.
- [34] *Multidisciplinary STEM Engagement through Sustainability Education*, Penn State University, University Park, PA, September 2012. Invited lecture for the mathematics and science faculty.
- [33] *MAA Panel Discussion: Incorporation of the Mathematics of Climate Change and Sustainability into our Undergraduate Courses*, Joint Mathematics Meetings, Boston, MA, January 2012.
- [32] *Sustain This! Making Math Matter*, MAA Seaway Section Randolph Lecture, St. Bonaventure University, NY, October 2011.
- [31] *A Mathematical Tour of the State of the Planet*, MAA Undergraduate Student Activity, MathFest, Pittsburgh PA, August 2010.
- [30] *A Quantitative Look at Sustainability Issues*, Philips Exeter Academy, Exeter, NH, June, 2010. Invited lecture.
- [29] *How Calculus can Participate in Multidisciplinary Sustainability Modules* with Ali S. Erkan, Jason G. Hamilton, and Michael Rogers, MAA-AMS-MER Invited Paper Session on Mathematics and Education Reform II: Climate, Sustainability, and the Curriculum, San Francisco CA, January 2010.
- [28] *The Calculus of Sustainability*, Diablo Valley College, Pleasant Hill, California, November 2009 (internet conference).
- [27] *Can You Have Social Justice If Your Village Is Under Water?* with Ali Erkan and Jason Hamilton at Developing a Good Heart in STEM: The 1st Summit on Incorporating Social Justice and Service-Learning into the STEM Curriculum, Ithaca College, Ithaca, NY, June 2009.
- [26] *What Can Mathematics Do for Sustainability Curriculum?*, Dickinson College, Carlisle, Pennsylvania, May 2009. Followed by a two-hour workshop. Invited lecture and workshop for faculty.
- [25] *Curriculum on Climate in the Classroom*, as part of a panel presentation on mathematics and climate for Cornell University's mathematics awareness month public lecture series, Cornell University, Ithaca, NY, April 2009.
- [24] *The Calculus of Sustainability*, Diablo Valley College, Pleasant Hill, California, April 2009 (internet conference).
- [23] *Education About the State of the Planet and Sustainability While Enhancing Calculus*, Acadia University, Wolfville, Nova Scotia, Canada, March 2009. Invited lecture.
- [22] *Educating About the State of the Planet (or Sustainability) While Enhancing Calculus*, two-hour Minicourse at Seaway Section MAA Meeting, Syracuse University, Syracuse, NY, April 2008.
- [21] *Panel Discussion on Interdisciplinary Training Related to Climate Change*, Joint Mathematics Meetings, San Diego CA, January 2008.
- [20] *Educating About Sustainability While Enhancing Calculus*, Bowdoin College, Brunswick ME, November 2007. Invited lecture.

- [19] *Peak Oil, CAFE Standards, and a Modeling Problem*, Bowdoin College, Brunswick ME, November 2007. Invited lecture.
- [18] *Educating About Sustainability While Teaching Calculus*, Syracuse University Project Advance, Syracuse University's Lubin House, Manhattan NY, October 2007. Invited lecture and workshop.
- [17] *Educating About Sustainability While Teaching Calculus*, Syracuse University Project Advance, Syracuse University, Syracuse, NY, October 2007. Invited lecture and workshop.
- [16] *Educating about Sustainability while Teaching Calculus*, Mathematics of Social Justice Workshop, Middlebury College, Middlebury, VT, June 2007. Invited lecture and workshop.
- [15] *Understanding and Controlling Randomness-A Simple Class Demonstration*. Spring Faculty Development Conference, Ithaca College, May 2007.
- [14] *Mathematical Ideas in Everyday Life*. State University of New York at Geneseo, December 2003. Invited lecture.
- [13] *A Mean Field Model for Species Abundance*. Cornell University Probability Seminar, October 2003. Invited lecture.
- [12] *Mathematical Observations-Math is Everywhere*. University of Wisconsin-Superior, April 2003. Invited lecture.
- [11] *Handshaking to Sums of Power of Integers*. Lake Superior Seminar on Graphs, Algebra, and Combinatorics at University of Wisconsin-Superior, April 2003. Invited lecture.
- [10] *Tiling the WWW*. State University of New York at Geneseo, November 2002. Invited lecture.
- [9] *Closing the Deal: The campus Interview and Beyond*. MAA-YMN Panel Discussion at the Joint Mathematics Meetings, San Diego, CA, January 2002. Invited panelist.
- [8] *Panel Discussion on Career Advising for Undergraduates*. PFF day at Binghamton University, October 2001.
- [7] *Panel Discussion on Advising and Retaining Mathematics Students*, Project NExT colloquium at the Joint Mathematics Meetings, New Orleans, January 2001.
- [6] *Fun with Probability*, University of Minnesota Duluth, November 2000. Invited lecture.
- [5] *Probability, π and e* , State University of New York at Cortland, April 1999. Invited lecture.
- [4] *A Panel Discussion on Math after Graduation: Cortland Graduates Speaking from Experience*, State University of New York at Cortland, November 1998. Invited panelist.
- [3] *Making the Implicit Explicit: Teaching Study Skills*, State University of New York at Oswego, April 1998. Invited lecture.
- [2] *Polyominoes*, State University of New York at Geneseo, November 1997. Invited lecture.
- [1] *Probability, π and e* , State University of New York at Oswego, October 1997. Invited lecture.

Mathematical Association of America (MAA) Minicourses

How and Why Should Sustainability Be Part of What We Teach? with Victor Donnay, four and a half hour MAAA Minicourse spread out over three days (April 26, 28, & 29, 2021) via zoom.

Making Math Relevant: A Multidisciplinary Sustainability Module for Calculus, with Jason Hamilton (invited by the MAA) four-hour Minicourse at MathFest, Hartford CT, August 2013.

Making Math Relevant: A Multidisciplinary Sustainability Module for Calculus, with Jason Hamilton (invited by the MAA) four-hour Minicourse at MathFest, Madison WI, August 2012.

Educating about the State of the Planet and Sustainability while Enhancing Calculus, four-hour Minicourse at the Joint Mathematics Meetings, San Francisco CA, January 2010.

Educating about the State of the Planet and Sustainability while Enhancing Calculus, four-hour Minicourse at the Joint Mathematics Meetings, Washington D.C., January 2009.

Colloquia and Seminar Talks

- [31] *The Dissonance between Classroom Rigor and Lifelong Learning\Curiosity*, NCHC Conference, Denver, CO, November 2014.
- [30] *A Mathematician and an Environmental Scientist Walk into a Bar*, with Jason Hamilton. Ithaca College Math Exploration Day. Ithaca NY, April 2014.
- [29] *Honors Dialog on the Many Facets of Sustainability*, facilitated Roundtable Discussion with two other faculty, National Collegiate Honors Council (NCHC) Conference, New Orleans, November 2013.
- [28] *On Journalism*, Student Journalism Society, Ithaca College, February 2013.
- [27] *The Big Talk - A Sustainability Panel Discussion*, Ithaca College, December 2012.
- [26] *Mathematician or Environmentalist?*, Department of Environmental Sciences and Studies, Ithaca College, September 2012.
- [25] *Raising Awareness of Environmental Issues in Statistics Courses* MAA Session on Quantitative Reasoning and the Environment, Joint Mathematics Meetings, San Francisco, CA, January 2010.
- [24] *Multidisciplinary Sustainability Modules: Integrating STEM Courses*, with Ali S. Erkan, Jason G. Hamilton, and Michael Rogers, MAA Poster Session on Projects Supported by the NSF Division of Undergraduate Education at the Joint Mathematics Meetings, San Francisco, CA, January 2010.

The Pi Mu Epsilon Journal, Problem 1044, Fall 2002.

Administrative Experience and Leadership

Director of the Ithaca College Honors Program, May 2013–Dec 2016. The director supervised two faculty who support Honors (portfolio coordinator and civic engagement coordinator), supervised three student workers (events coordinator, social media coordinator, and administrative assistant), supervised an RD with a 5-10 hour per week commitment to support Honors, supervised an administrative assistant with half their time dedicated to Honors, and houses the visiting international scholar selected every two years collaboratively with the Ithaca City of Asylum. The director also worked closely with the Honors Student Advisory Board, an independent student body with its own bylaws and elections. A summary of director responsibilities with *Result Highlights* follows:

Administration and Governance: Chaired the Honors Steering Committee, implemented the strategic plan and facilitated the renewal of the plan every few years, maintained governance and procedural documents, and assessed Honors courses and the program. *Result Highlights:* Initiated and facilitated implementation of a new strategic plan, including refined vision, mission, and goals in 2016.

Admissions: Coordinated the admission process with the admissions office in recruiting a class of 120 each year, and implemented the internal admission process for Honors. *Result Highlights:* Initiated an admissions experiment that demonstrated a significant increase in yield, $p = 0.022$ in the group of students invited to apply to Honors as opposed to a control group that wasn't invited. Increased the yield on students invited to apply to Honors for three consecutive years and attained a 40% yield on students accepted to Honors in the last year. Initiated an open internal admissions process so students have a chance to enroll in the Honors Program after their first semester.

Advising: Provided and managed advising for all 400+ students enrolled in Honors and maintained student records, including verifying graduating seniors through the e-portfolio system. *Result Highlights:* Initiated and implemented changing the position of the RD of the Honors Residential Learning Community to assist in advising to significantly improve the advising of Honors students, including reviews of all juniors, in 2016.

Alumni Relations: Composed two alumni newsletters each year, organized an alumni panel each spring, recruited an alumnus to speak at the senior banquet, and generally communicated with alumni. *Result Highlights:* Initiated the first alumni newsletters, organized the first two on-campus alumni panels, and invited the first alumni speaker at the senior banquet.

Budget: Managed a discretionary budget of about \$80,000 that supported programming and administered two types of grants for students. *Result Highlights:* Effectively managed a budget of \$80,000 to enhance the Honors Program for 3.5 years and initiated study abroad grants.

Co-Curricular Programming and Community Building: Coordinated, planned, and attended co-curricular programs including eight travel experiences, six major on-campus events, and a number of other smaller events each year. Acted as the advisor for *Symposium – The Honors Undergraduate Scholarly Journal*. *Result Highlights:* Increased the co-curricular programming by adding a number of events (backpacking and rock climbing in collaborations with the Outdoor Adventure Leadership Program, local farm tour, and spring swing) to improve the sense of community within the program. Secured better space for the program including more student lounge space.

- Communication:** Communicated with various stakeholders, maintained the Honors webpage, and developed and implemented the program's social media strategy to inform and educate students, as well as engage alumni and parents. *Result Highlights:* Initiated and implemented a new social media plan centered around a blog that had nearly 13,000 views in its first year and increased the number of likes on the Facebook threefold to over 600 likes. Also improved the Honors webpage.
- Curriculum:** Recruited faculty to teach courses, maintained records, provided students with program completion information including a thesis and an electronic portfolio, and worked with the Registrar's office to maintain the accuracy of degree evaluation especially for non-credit bearing activities, while offering 40 courses a year with a mix of 1 and 3 credit courses. Coordinated with the London Center to offer an Honors Course every fall, London as Text. *Result Highlights:* As the incoming director collaborated with the previous director, to create a completely revamped set of Honors requirements, including the inclusion of a thesis and an electronic portfolio, and then effectively implemented the new program. Initiated a number of new experiential courses including Tracking, Simple Machines, and the Life of Cayuga Lake.
- Engagement with the Broader Honors Community:** Attended the annual NCHC conference, reviewed the Honors literature, and took a leadership role in the Honors Community. *Result Highlights:* Co-authored a chapter *Seminars, Curricula, Rigor: Paradoxical Constraints on the Future of Honors* in the monograph *Present Successes and Future Challenges in Honors Education* in 2016.
- Faculty Development and Community Building:** Provided Honors faculty with development opportunities and built community among Honors faculty. *Result Highlights:* Initiated regular social events for Honors faculty and the faculty summer read, which included the review and discussion of a book in summer 2015 and 2016.
- Orientation:** Coordinated with the Orientation Program to schedule and attend the meetings with students as well as the separate meeting with parents. *Result Highlights:* Initiated meeting with the parents of Honors students during orientation in addition to meeting with students starting in the summer of 2015.
- Partnership with Career Services:** *Result Highlights:* Initiated a collaboration with the Office of Career Services in 2015 to create and implement the Honors Career Readiness Certificate.
- Partnership with the Office of Civic Engagement:** *Result Highlights:* Collaborated with the Faculty Director of Service-Learning to help provide and support civic engagement opportunities for students, which was a new requirement for the Honors Program.
- Recruitment:** Maintained recruitment materials, met and spoke with accepted students and parents, attended all admissions events, coordinated an open house of the Honors Residential Learning Community in Lyon Hall for Ithaca Today, maintained an active presence on IC Peers, and collaborated with all schools and admissions to help improve yield. *Result Highlights:* Effectively used IC Peers, the admissions social media platform, in a way that had the Honors group the most active of all groups in the spring 2016. Regularly updated recruitment materials and collaborated with the deans during admissions.
- Residential Learning Community:** Collaborated directly with Residential Life and met monthly with AC, RD, and RAs to discuss events and programming, assessing the RLC, and approving student applications to the RLC. *Result Highlights:* Increased the number of students living in the Honors Residential Learning Community so that the building housed nearly all Honors students. Initiated

and successfully had a computer and projector installed in a lounge to create the first smart lounge. Initiated the Explore Ithaca Program to incentivize students to learn about the College and the Ithaca area.

Teaching Responsibilities: Taught one of the Honors ICSM courses in the fall and a one credit Honors course in the spring. *Result Highlights:* Effectively taught a humanities-based Honors ICSM though I am a mathematician and statistician.

Achievements and Recognitions

Awards

Principal Investigator of the National Science Foundation Grant DUE-0837721. Multidisciplinary Sustainability Modules: Integrating STEM Courses, \$149,104 from June 1, 2009 through May 31, 2012, with Ali Erkan-Computer Science, Jason Hamilton-Ecology, & Michael Rogers-Physics.

Department Merit Award: Spring 2019, 2011, 2010, 2009, 2007, 2005.

Center for Faculty Excellence Summer Research Grant, 2018.

Ithaca College Center for Faculty Excellence Faculty-in-Residence, AY 2017–2018 and 2018–2019.

Deans Merit Award: Spring 2015.

Faculty Development Award: Three credit of release time for AY 2010–2011, 2006-2007, 2004-2005, 2003-2004, 2002-2003.

NCAR-Visitor Funds: Received funding from NCAR (National Center for Atmospheric Research) to visit for three days in the summer of 2009.

Ithaca College Academic Project Grant: \$750 to support the project Assessing Hands-on Statistics Activities with Aaron Weinberg.

NCAR-Visitor Funds: Received funding from NCAR (National Center for Atmospheric Research) through their RSVP (Research and Supercomputing Visitors Program) to visit for three days in the summer of 2008.

Ithaca College Sustainability Mini-Grant: Spring 2006.

[Project NExT](#) 2000-2001 Fellow: One of 70 fellows selected to participate.

Donald E. Kibbey Prize: Presented by the Syracuse University Mathematics Department in recognition of exceptional performance as a teaching assistant, April 1998.

Outstanding Teaching Assistant: Presented by the TA Program of the Graduate School at Syracuse University, Spring 1994.

Alumni Achievement Award: Presented by The Cortland Alumni Association, April 1992.

Distinctions

Sabbatical: Spring 2023, 2017, 2007

Inducted into the [PHI Kappa Phi Honors Society](#): November 2016

Erdos Number: 3.

Outstanding Teaching Assistant: Presented by the TA Program of the Graduate School at Syracuse University, Spring 1994.

Alumni Achievement Award: Presented by The Cortland Alumni Association, April 1992.

Other

Adirondack 46er (completed summer 2020).

Patent: [The Power Rowing Machine](#). (2020)

Noted in the AMS blog (9/27/2019)

Erdos Number: 3.

Profiled in [FUSE: Real Stories. Real Students. The Ithaca College Experience](#), December 2009.

Profiled in the Ithacan (student newspaper), October 2006.

Actuary Exam Course I Passed, November 2000, score 10.

Certificate of Academic Achievement: Presented by the faculty at Cortland College, May 1992.

Varsity Crew: Varsity letters from Ithaca College, Spring 1988,1989,1990.

Service to Ithaca College

College

Faculty Council, AY 2021–2022.

Advisor to IC Club Baseball, Spring 2015–Present.

Director of the Ithaca College Honors Program, May 2013–December 2016.

Ithaca College Facility and Planning Committee, AY 2015–2016.

ICSM Steering Committee, AYs 2013–2016.

Research Council, AYs 2013–2016.

Ithaca College Master Planning Committee, AYs 2013–2015.

Ithaca College Facility and Planning Committee, AYs 2011–2013.

Recreational Sports Advisory Board, Spring 2010–Spring 2011.

Honors Program Steering Committee, Spring 2010–Spring 2013.

Ithaca College Facility and Planning Committee, AYs 2008–2011.

College Wide Search and Selection Review Committee, Spring 2006–Spring 2007.

Ithaca College Core Experience Task Force, Spring 2003–Spring 2005.

CFRD Reviewer for Release Time, Fall 2003.

School (H&S)

CP Snow Committee, AYs 2013–2015.

H & S Faculty Senate Vice President, AY 2008–2009.

H & S Faculty Senate Vice President, AY 2006–2007.

H & S Faculty Senate, AYs 2006–2009.

H & S Faculty Senate, AYs 2003–2006.

H & S Community Task Force, AY 2002–2003.

Department

Chair, Mathematics Department, June 2021–June 2024.

Chair, Mathematics Curriculum Committee, AYs 2017–2020. Initiated and fostered the creation of the new Data Science minor.

Chair, Mathematics Department Vision and Mission Committee, AY 2010–2011.

Mathematics Department Personnel Committee, AY 2009–2010.

Four-year personnel review committee in Physics, Spring 2009.

Mathematics Assessment Committee, AY 2008–2009.

Chair, two-year personnel review committee in Physics, AY 2006–2007.

Mathematics Curriculum Committee, AY 2006–2007.

Chair, Mathematics Service Course Committee, AYs 2002–2005.

Mathematics Curriculum Committee, AY 2002–2003, 2004–2005.

Faculty Co-Advisor to PME and Math Club, AYs 2001–2004.

Service to the Discipline of Mathematics

Subject Editor, Statistics and Data Science, for *PRIMUS* (Problems, Resources, and Issues, in Mathematics Undergraduate Studies, January 2017–Present.

2013 Math Awareness Month Committee which reports to the Joint Policy Board for Mathematics (JPBM), a collaborative effort of the AMS, ASA, MAA, & SIAM.

Ad hoc Invited Address Committee for MathFest 2013, appointed by the President of the Mathematical Association of America. October 2011–August 2013.

Local organizer for the June 11 and 12, 2009, conference: Developing a Good Heart in STEM: The 1st Summit on Incorporating Social Justice and Service-Learning into the STEM Curriculum.

MAA Seaway Section Liaison, Fall 2004–Present.

Local Organizer for the Spring 2006 MAA Seaway Section meeting.

Ad. hoc Reviewer*The American Statistician**The College Mathematics Journal**Mathematics Magazine**Numeracy**The Pi Mu Epsilon Journal**PRIMUS***Service to Community**

Ithaca STEM Advocates Board, Fall 2015–2017.

Presented a Sustainability and Mathematics talk to two Calculus classes, Fayetteville-Manlius High School, Syracuse, NY, January 2014.

Spoke to four 7th grade classes about the mathematics of pool at Boynton Middle School Math Day, March 2012.

Answering Sustainability Questions with a Calculus Class, Fayetteville-Manlius High School, Syracuse, NY, May 2008.

Answering Sustainability Questions with two Calculus Classes, Fayetteville-Manlius High School, Syracuse, NY, January 2008.

Speaker at Ithaca High School Career Day Spring 2004.

Speaker at Ithaca High School Career Day Spring 2002.

Conferences Attended

Joint Mathematics Meetings, Denver, CO, January 2020.

AAC&U 2018 Annual Meeting, Washington, DC, January 2018.

National Collegiate Honors Council (NCHC) Conference, Chicago, IL, November 2015.

PKAL DC Regional Meeting, University of Mary Washington, VA, November 2014.

National Collegiate Honors Council (NCHC) Conference, Denver, CO, November 2014.

National Collegiate Honors Council (NCHC) Conference, New Orleans, LA, November 2013.

NCHC Summer Camp for New Honors Deans/Directors, Lincoln, NE, June 2013.

MathFest, Hartford, CT, August 2013.

MathFest, Madison, WI, August 2012.

Joint Mathematics Meetings, Boston, MA, January 2012.

MPE (Math for Planet Earth) Sustainable Planet Curriculum Workshop, DIMACS, NJ, October 2011. (Invited to Attend).

MAA Seaway Section Meeting, St. Bonaventure University, NY, October 2011.

National Collegiate Honors Council Conference, Kansas City, MO, October 20–24, 2010.

MathFest, Pittsburgh, PA, August 2010.

Joint Mathematics Meetings, San Francisco, CA, January 2010.

Joint Mathematics Meetings, Washington D.C., January 2009.

AASHE (Association for the Advancement of Sustainability in Higher Education) Conference, Raleigh, NC, November 2008.

Seaway Section MAA Meeting, Syracuse University, NY, April 12, 2008.

Joint Mathematics Meetings, San Diego, CA, January 2008.

Mathematics of Social Justice Workshop, Middlebury College, Middlebury, VT, June 2007.

Seaway Section MAA Meeting, SUNY Oneonta, Oneonta, NY, April 2007.

Seaway Section MAA Meeting, Ithaca College, Ithaca, NY, April 2006.

Joint Mathematics Meetings, San Antonio, TX, January 2006.

Joint Mathematics Meetings, Atlanta, GA, January 2005.

Seaway Section MAA Meeting, Canisius College, Buffalo, NY, November 2004.

Seaway Section MAA Meeting, SUNY Cortland, Cortland, NY, April 2004.

Joint Mathematics Meetings, Phoenix, AZ, January 2004.

Seaway Section MAA Meeting, RIT, Rochester, NY, November 2003.

Seaway Section MAA Meeting, Alfred University, Alfred, NY, April 2003.

Joint Mathematics Meetings, Baltimore, MD, January 2003.

Seaway Section MAA Meeting, SUNY Potsdam, Potsdam NY, November 1-2, 2002.

Joint Mathematics Meetings, San Diego, CA, January 2002.

MAA summer meeting, Madison, WI, August 2001.

Joint Mathematics Meetings, New Orleans, LA, January 2001.

History of Mathematics Conference, Menomonie, WI, September 2000.

MAA summer meeting, L.A., CA, August 2000.

Wisconsin Section MAA meeting, Superior, WI, April 2000.

Joint Mathematics Meetings, San Antonio, TX, January 1999.

Joint Mathematics Meetings, Baltimore, MD, January 1998.
