

# PROCEDURE FOR REGISTERING FOR

## Jr. Research: BIOL-30200: Spring 2020

1. Read the description of research projects.
  2. Come to **MANDATORY "Meet the Professors" meeting on Thursday, October 24, 4:00 pm, CNS 1<sup>st</sup> Floor Foyer**. Feel free to discuss the projects with any of the faculty.
  3. After your discussions, **select 3 topics supervised by 3 different** faculty members ranking them 1, 2, and 3.
  4. You must discuss the project with the 3 faculty members of your choice. Get specific information about the project: time required, what is expected of you, type of techniques used, background required, etc. Also, this will inform the faculty member of your interest.
  5. Fill in your top 3 choices in the blanks below and have the faculty supervisor sign beside the project he/she will supervise. **Detach the bottom half of this page and turn this form** in to the **Biology** Administrative Assistant (CNS 161), **no later than 1:00 p.m., Thursday, October 31.**
  6. Keep in mind that in order to be assured that your choices will be considered you must:
    - a. Discuss the project with faculty supervisor.
    - b. Sign up for 3 **different** faculty. Signing up for two projects with the same faculty member will be treated as a single choice.
    - c. Have the faculty supervisors sign your project selection below.
  7. **Projects will be assigned and posted on the bulletin board outside the Biology Office Door, CNS 161, by noon on Tuesday, November 5.** Please check this list, as you must register for the appropriate section. If you do not follow the procedure above, it will invalidate your choices.
  8. **This signed form will serve as the override form. It must be submitted to the department office.**
- PROJECT DESCRIPTIONS ARE AVAILABLE AT the department's Student and Faculty Research page.**
