Human Foosball	This isn't your everyday run-of-the-mill foosball table. This is Human Foosball! Get into the action inside this massive inflatable foosball arena. Teams of 5 (or 6 if you want to include a goalie) compete, trying to out-score each other in a soccer match. It'll take teamwork though, since every player is limited in their forward/backward and side-to-side movements, just like an actual foosball table. This is definitely a more unique inflatable rental and could be a great way to make your next event stand out from the crowd. With its focus on team-building, this is quite popular for corporate retreats and out-of-the-office bonding and engagement events.

<p><b>Hippo Chow Down</b></p>	<p>We've blown up one of your favorite childhood board games so you can live the action first-hand. Become the Hippo in this extremely unique interactive inflatable rental. Four players are harnessed in and connected to bungee cords anchored to the edge of the playing area. On the count of three, players race to the center of the circular inflatable playing area to the ball pit where they try to collect as many balls as they can (depositing them in their respective nets behind them). The bungee cords will limit advancement, so strength and agility will prove imperative to success. The player with the most balls at the end of the game will walk away victorious. All players will start as hungry hippos, but only one will become the hungriest hippo! As with most of our inflatable activities, this one is a crowd-pleaser. You don't necessarily have to play to enjoy the excitement. You can stand back and watch the hilarity!</p>
<p><b>Bouncy Boxing</b></p>	<p>The name says it all! It's the convergence of bouncing and boxing. Hop through the ropes into the ring and get ready to rumble in this unique interactive activity! Let the hilarity ensue. We'll outfit two players with giant foam boxing gloves and padded helmets then the games begin. Participants bounce around the inflatable boxing ring playfully sparring using the oversized gloves. Who'll be standing at the end of the round? There's no heavyweight title at stake here, it's just tons of fun all around for your next event.</p>
<p><b>Bungee Run</b></p>	<p>The Bungee Run is a classic interactive inflatable that always pleases—it's the perfect mix of competition and excitement. Players receive batons and then get harnessed in with a bungee cord securely connecting their backs to the back of the inflatable. On the count of three, players run with all their might toward the front of the inflatable while the bungee cord stretches to its limits. They place their Velcro baton as far down the lane as they can before the bungee cord pulls them back in one fell swoop! It's pure fun and exhilaration! And for the onlookers it's some of the best entertainment and the perfect rental for funny photo opps mid-action—especially great for slow-motion video! Players will want to try this one again and again to try and see how far they can go before being pulled back.</p>
<p><b>Vegas Money Machine</b></p>	<p>A proven favorite for any event. Guests enter the Cash Cube and step into a whirlwind of cash and other prizes available for the taking. Participants attempt to grab as much loot as they can in the allotted time as the bills swirl around them in the cube. The front of the cube is clear so onlookers can watch the fun and the flashing red light on top is sure to attract lots of attention. Additionally, your personalized message can be programmed to scroll across the front of the machine.</p>
<p><b>Cash Vault Money Machine</b></p>	<p>A proven favorite for any event. Guests enter the Cash Cube and step into a whirlwind of cash and other prizes available for the taking. Participants attempt to grab as much loot as they can in the allotted time as the bills swirl around them in the cube. The front of the cube is clear so onlookers can watch the fun.</p>
<p><b>Dual Sports Equalizer</b></p>	<p>It's a duel to the end with this game of strategy, strength, and determination that pits players against one another in an effort to see who will score first. While harnessed to the same bungee cord, players run in opposite directions to see who can run farther and be first to put a ball into their basket. It's high energy and fun for those with a competitive spirit. It's a great rental for basketball and sports themed events—team parties, tailgates, March Madness, etc.</p>

<p>Toss Ball</p>	<p>Looking for a nostalgic game for your next event? Toss Ball is an inflatable skee ball game channeling the spirit of classic arcade gameplay. Players try to roll balls up the incline and ramp to get them into different holes worth different points. Whether you're looking for an add-on game for your next event, or want something to conjure up feelings of a carnival or arcade, this rental is a great little activity sure to be enjoyed by all.</p>
<p>Gladiator Jousting</p>	<p>Gladiator Jousting is a perennial favorite! This interactive inflatable offers timeless gameplay pitting two players against each other in a test of coordination—both strength and balance must be used to reign supreme. Each player begins on an elevated pedestal inside of the inflatable arena. Using the supplied foam jousting poles, they work to make their opponent lose balance (while maintaining their own) so they fall down onto the inflatable cushion. This is a great rental for adding some friendly competition to your event.</p>
<p>King of the Mountain</p>	<p>No mountain, no problem! Rent this inflatable for your next event and presto, a rock climbing mountain towering nearly 30 feet tall will inflate before your eyes! Our Fun Engineer on duty will get participants harnessed in and ready for the ascent. Take your time going up or race to the top against someone else on the other side of the rock climbing wall. Once to the top, you can belay down easily with our auto-belay system. This climbing wall is great for beginners since it's inflatable and not as daunting as most hard-sided versions. But it's still a great new challenge for even seasoned climbers, especially when it's a race to the top</p>
<p>Home Run Derby</p>	<p>Here's your chance to step up to the plate. Literally! Get your practice swings in and take aim—the Home Run Derby is an inflatable batting cage great for any age. Once in position, a plastic ball will be floating in mid-air (that's right, a stream of air actually holds it in place) waiting for you to have a whack. The baseball-themed backdrop has different areas to aim for and you've got three chances to score as many runs as possible. This is a great rental for anyone into baseball or just sports in general. The attraction works well for a variety of events and has been popular as a "booth" or "station" at carnival-themed events.</p>
<p>Sports Speed Cage</p>	<p>So you think you're pretty good, eh? Here's your chance to put your skills to the test! The Sports Speed Cage is an inflatable cage with sports-themed backdrops giving you the chance to put that arm to work. The Speed Cage can be used for either baseball or football themes. Baseball: With the Sports Speed Cage inflatable set up for baseball, you're thrust to the mound as the pitcher and you've got a heavy hitter at the plate. Wind up and aim for the backdrop with as much strength as you can muster. Our Blue Apple Fun Engineer will use a radar gun to measure your throw's mph. See who's got the fastest pitch at the event or just try to break a personal record. Either way, it's a great sports-themed rental for your event and sure to bring those with a competitive spirit out to play. Football: With the Sports Speed Cage inflatable set up for football, you're the quarterback and it is game time! The team is relying on your ability to accurately pass to the open receiver. Aim for the backdrop and get your teammate the ball for the win. See who has the best throw at the party...and who you should choose for your next pick-up game!</p>
<p>Flip Your Lid</p>	<p>Go ahead, knock each other's heads off! It's all fun and games in this jousting activity where players don foam upper body suits and try to use their jousting poles to knock off each other's foam heads off. Don't worry though, players safely peer through the chests of the suits and the heads are just Velcroed-on</p>

	<p>toppings. It's an action filled game perfect for any event, but especially great when you need to create a spectacle—pep-rally, half-time show, fundraiser, etc.</p>
Sticky Wall	<p>Defy gravity on this one-of-a-kind interactive inflatable! First, you'll be outfitted in a Velcro suit (we've got ones for kids and adults), then you'll get a running start, bouncing along until one final jump that launches you through the air and onto the Velcro wall where you'll literally "stick the landing." See how high you can go or try to get stuck in funny positions. This is a classic inflatable attraction great for any event where fun is needed!</p>
Lagoon of Doom	<p>Welcome to the lagoon! Filled with crocodiles, it's not the kind of place you'd want to take a dip. Instead it serves as the perfect setting for a high-stakes game for two. Right in the middle of the inflatable lagoon is a foam log built to roll in place. Players hop on the inflatable, step onto the log and the action starts. Players compete by spinning the log beneath them, trying to move their feet fast enough to stay on and maintain their balance. Who will fall into the treacherous waters first?</p>
Wrecking Ball	<p>The Wrecking Ball is a larger interactive inflatable perfect for almost any event where you want to add some excitement. Four players climb onto the playing area, position themselves on their respective pedestals and the demolition begins! The giant foam wrecking ball hanging down the middle of the inflatable can be swung around from player to player. The objective is to knock down your opponents, but maintain your balance as well. Last one standing is the winner! The Wrecking Ball has worked well both in backyard parties and larger scale events seeing hundreds and thousands of participants.</p>
3 Play	<p>Step right up and take your pick of fun! Will it be the football throw? Or the soccer kick? Or the basketball toss? Three players can play at once so let the competition begin. It doesn't get much better than that!</p>
UFO Laser Tag	<p>They've come in peace and they've brought the party with them. The UFO Laser Tag Space Ship has landed and the fun is about to begin! Six players are outfitted with laser tag vests and phasers and granted entry to the other-worldly space craft. Inside the 700 square-foot inflatable arena, players battle it out, simultaneously taking cover and seeking out opponents. Games can be played with teams of three or you can play an every-person-for-themselves version—either way, the games last five minutes and are pure excitement the whole way through. Plan a tournament or just play for fun. This inflatable also offers you the option of either the "alien head" or "saucer" top to the arena. Both work equally as well, the saucer is a better option if you've got height restrictions in your venue. For next-level team-building, this laser tag rental is a great choice! And if you're a fan of laser tag, we also offer an open-air version of the game called Extreme Laser Tag—it utilizes inflatable bunkers which can be arranged in a variety of ways.</p>
22' Dual Lane Giant Slide	<p>Are you expecting a large group of people at your event? If so, there are few items better than our Giant Slide. Our slide is constructed with dual lanes to allow friends to trek to the top and then race to the finish, each in his or her own slide lane. The speed with which participants move through this item makes it well suited to accommodate large gatherings without long waits.</p>
