

Interested in **Research in Chemistry** for Spring 2026 semester?

Students who are currently doing research or plan to do research are required to fill out this survey.

- CHEM 48600 – required research for Chemistry Majors
- BIOC 39000 – required research for Biochemistry Majors*
- * *Biochemistry majors can do their research with either Chemistry OR Biology faculty*
- CHEM 29200 – new or returning research students

1. Fill out the Student Research Interest Survey (QR code above) **by October 5th**
– Chemistry faculty will reach out to you to set up individual meetings between October 6th – 17th.
2. Meet with faculty to learn about research projects and potential lab openings.
3. After meeting with faculty, you will receive a link via email to a second survey to communicate your lab preferences. Please complete this survey between October 18th and October 26th.
4. Lab placement announcements will be sent out after October 30th (before registration for the fall semester begins on November 4th).
